

Personalizing education, a possible goal

3 KEY POINTS

1

EDUCATES

Unique, open, responsible, resilient individuals and empowers the student in the design of his or her personal trajectory

2

IMPLIES

The use of inquiry methodologies, as well as motivation and personal responsibility

3

FAVORS

Self-knowledge, identity shaping (values) and openness to others and to the world (solidarity)

3 CHALLENGES

1

OPENING

Educate people open to change, with a global mentality, respectful of the differences of others

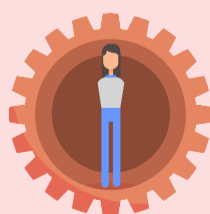

2

COOPERATION

Establish cooperative work and planning dynamics among teachers

3

AUTONOMY

To create an open, flexible and welcoming school, where students are autonomous in their learning
