

# Techniques for excellent teaching

improve engagement with learning

## WAIT TIME

Ask a question and wait a few seconds before accepting an answer. Increases voluntary responses and their quality.

## COLD CALL

Ask and choose a student even if they have not volunteered. Promotes fairness, attentiveness and evidence of understanding.

## CULTURE OF ERROR

Establishes a way of responding that encourages participation and normalises error. It allows responses to be reworked.

## RIGHT IS RIGHT

Responder a una respuesta parcialmente correcta. Promueve el hábito de precisión y exactitud en los alumnos.

## NO OPT OUT

Support the learner when he/she is not able to respond with the help of another learner or hints. Improve self-confidence.

## STRETCH IT

Answer a correct answer with another question. It encourages further thinking.

## SILENT SOLO

Individually write down the answer to a question. It provides an opportunity to think and maintain attention.

## TURN AND TALK

Discuss an answer with another student. It increases participation, thinking and enriches the answers.
