

Empowering Learning

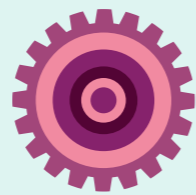

5 Formative Assessment Strategies

1

CLEAR OBJECTIVES AND CRITERIA

What is expected of learners and how to achieve it.

TECHNIQUES: Give examples and model; discuss objectives and criteria.

5

SELF-ASSESSMENT AND SELF-REGULATION

Each learner monitors and evaluates his progress.

TECHNIQUES: Learning portfolio; learning diary; self-assessment; personal goals.

4

PEER LEARNING

Learning together and mutual evaluation.

TECHNIQUES: Cooperative learning; peer tutoring and peer review.

2

EVIDENCE OF LEARNING

Collect information on students' progress to adjust teaching.

TECHNIQUES: whole class questioning; direct observation; quizzes.

3

EFFECTIVE FEEDBACK

Constructive and specific feedback for improvement.

TECHNIQUES: 'two stars and a wish', detailed written comments; oral feedback sessions.
